Bringing Compassionate Palliative Care to Ashanti: Our £50,000 Mission
Fundraising for COMPASS Ghana (Compassionate Palliative Services)

Share

At COMPASS-Ghana, our hearts are dedicated to enhancing the lives of those facing life-limiting illnesses in the Ashanti community, a place where compassion and quality care are urgently needed. Our mission is a beacon of hope, and we invite you to join us in making a profound difference in this region.

The First Fundraiser

Our first stop on this journey takes us to Lake Bosumtwi on 7th November 2023, the largest natural lake in Ghana, nestled in the Ashanti region, the heart of our fundraising mission.

Here's what's happening:

The Challenge: Our dynamic duo, John (COO) and Katie (CCO), are embarking on an incredible challenge - walking the entire 20-mile perimeter of Lake Bosumtwi.

The Reality: Lake Bosumtwi isn't a tourist resort with fancy amenities; it's a rugged, dusty track. No Wi-Fi, no facilities, and a challenging 1.5-mile jungle trek (we've got a local guide, so we don't get lost). Plus, the scorching 35-degree heat.

The Cause: Why are they doing it? To kick off the campaign and to raise vital funds for palliative care in Ghana. This challenging adventure is all about making a real difference.

The Immediate Need

In Asamang, with a population of 125,000 it is crucial that we prioritise palliative and end-of-life care. Sadly, many in this community do not receive the comfort and support they deserve due to stigma, tradition, poverty, and lack of access to care. Our aim is to change this narrative and ensure every patient receives the comprehensive and compassionate care they need.

The Foundation of Compassion

Our project focuses on creating the foundations of this capability, and your support is crucial. We want to enable patients and healthcare services in hard-to-reach and resource-poor communities to access palliative and end-of-life care.

Key Improvements in Palliative Care

Enhanced Quality Care: Your support empowers healthcare providers to deliver a higher standard of palliative care, enhancing the lives of patients with life-limiting illnesses and their families.

Improved Access and Satisfaction: We aim to increase patient and family satisfaction with palliative care services from 0 to approximately 300 patients by the end of 2024. This transformation will be a testament to your contribution and make a significant impact.

Community Engagement: By engaging with local experts and healthcare staff, we ensure that palliative care aligns with the community's needs. This community-centred approach ensures that your generosity endures.

The Path Forward

Our journey is just beginning, and your support is invaluable. Here's how your contribution will make a lasting impact:

Community Engagement: The local community is becoming more aware of the importance of palliative care, and your support will foster advocacy and local initiatives.

Collaborations: Partnerships with reputable institutions will ensure that best practices in palliative care are maintained, shared, and expanded.

Monitoring and Evaluation: We are implementing mechanisms for monitoring and evaluation, ensuring that your contribution focuses on those most in need.
